(This MSDS complies with OSHA Hazard Communication Standard 1910.1200.)

Recommended Use:

A lubricant for soft tissue mobilization and massage. Enhances tissue perception and provides an effortless glide without being slippery. Use sparingly. A little goes a long way. Formulated specifically for professionals.

Ingredients:

Petrolatum, Purified Water USP, Mineral Oil, Lanolin Alcohol, Stearyl Alcohol, Methyl Gluceth-20, Sodium Lauryl Sulfate, Ethylparaben, Methylparaben, DMDM Hydantoin.

Precautions:

- Store at 45 -76 degrees F (4 – 25 C), away from heat and sunlight.
- Do not ingest. If ingested contact a physician.
- Keep away from eyes. First aid – flush with water

SHELF LIFE OF FREE UP MASSAGE CREAM

Look for the numbers on the bottom of the jar: Example 08230 - this is a Julian Date. The date of manufacture would be read -- 08= Year 2008 and 230=the 230 day in 2008.

Unopened jars of Free Up have a shelf life of 3 years from the date of manufacture. The shelf life of an opened jar can vary due to sanitary issues, proper closure of the jar and exposure to heat or cold, and therefore should be replaced after being open for a year.

Free-Up packets are embossed on the bottom crimp of a packet. "089" would indicate the 89th day of the year. As Free-Up packets are manufactured annually this packet would expire on the 89th day of 2020. Packets manufactured in 2018 and later will have manufactured by and expiration dates embossed on the crimp.
